

Bernadette Towan Art Workshops 2018 Term 2

I'm excited to share my new workshops for the rest of the year.

They include the following...

Papermaking.

These will be held on Monday's starting at 10am and finishing at 2pm.

Printing

Workshops will be held on Tuesday's, 10am to 2pm.

Artist Books

Will be on Thursday's, 10am to 3pm. And on selected weekends in each month throughout the year.

Inspired Patterns

*This is a new workshop that will be held on Wednesday's,
10am to 12pm, 1 to 3pm or Wednesday nights 7 to 9pm.*

- *Papermaking and Printing* workshops will cost \$80 per session.
- *Artist Books* will cost \$80 plus \$10 materials fee for one day sessions.
- *Artist Books Weekend* will cost \$170 including materials.
- *Inspired Patterns* will cost \$40 including materials.

- During *Papermaking* workshops, you will learn how to make pulp, pull sheets of paper using a mould and deckle, press onto couching sheets, press excess water, and hang to dry. I will also show you how to add embellishments, texture and spray colour. While paper is drying, you will be able to have a go at creating a collage and pattern artwork on handmade paper.

- During **Printing** workshops, you will learn how to do mono prints, select colours, load a printing plate, use stencils, found objects, brushes, plants, leaves and mark making techniques to pull a first print onto paper, then make a shadow print.

You can use these prints to develop into finished artworks for framing or use in collages, artist's books or make cards. While your prints are drying, I will show you how to make simple leaf prints on paper.

- During **Artist Book** workshops, you will learn how to create your own unique book. There are so many variations, types of books and individual development of ideas that you will become addicted. You will learn how to fold, create pages, make covers, embellish using a variety of techniques including collage, stamps, stencils, doodle art, drawing, painting, magazines, printed papers, creating textures and much more. This is a wonderful, relaxing and very creative experience.

- During **Inspired Pattern** workshops, you will learn and be inspired to do an amazing array of patterns using calligraphy pens. This is the most relaxing and easy experience to create some fascinating pieces of artwork that you will enjoy and want to develop into a variety of techniques. Cards, bookmarks, book covers and more!
- Weekend workshops for **Artist Books** will cost \$170 and include most materials, use of tools, stencils, stamps, inks, calligraphy pens, reference books, paints, decorative papers, fabrics, threads, ribbons, ephemera and extensive take-home notes with templates and examples.

The weekend will focus on making two books, e.g. Concertina Book, Flag Book, Book-in-a-Box, etc.

During all workshops, there will be an agreed time to break for lunch (BYO), tea, coffee, water, biscuits and nibbles will be provided and are available as you like throughout the session.

There is also a lovely bakery, 5 minutes' drive from the studio with delicious sandwiches, cakes, soft drinks and decaf, soy, skinny, milk, just about any type of latte's, cappuccino's, coffee, tea, etc!

Please check the timetable and let me know which workshops you might like to do and note that there will be a minimum of 4 and a maximum of 6 people per session. So, make your choices and let me know as soon as possible. I will reply and confirm within two days of your email application and this will depend on numbers.

Check separate document for a timetable of dates & contact.

Looking forward to hearing from you soon.

Best regards, ***Bernadette.***
